#### VerifiGlobal Peer Assessment Process Statement of Recognition

VerifiGlobal recognizes the expertise and capabilities of GHL as a competent body for conducting verification of environmental technology performance claims according to the requirements of ISO 14034, ISO 17020 and ISO 17025.

As an international platform comprised of performance testing and verification organizations in different countries, VerifiGlobal has established a peer assessment process to ensure implementation of testing and verification at the highest quality level. The peer assessment undertaken by VerifiGlobal confirms that GHL meets the requirements of ISO 17020 (Requirements for the operation of various types of bodies performing inspection) when providing verification services in accordance with the ISO 14034 (Environmental Technology Verification) process standard. The peer assessment was conducted following the specifications outlined in the "VerifiGlobal Peer Assessment Process Document", which provides guidance to ensure that VerifiGlobal Alliance member organizations are in conformity with the requirements of ISO 17020. The conclusions of the GHL peer assessment conducted by VerifiGlobal are provided in the "GHL Peer Assessment Report".
